SQUADRON ORDERED FROM KAMRANH BAY

Russian Warships Must Leave rench Waters.

ROJESTVNESKY BROKE PROMISE

St. Petersburg Authorities Do Not Regard Japanese Claim Against France For Alleged Breach of Neutrality Very Seriously.

Paris, May 10.—Orders have been sent to the civil and naval authorities in French Indo China not to permit the junction within French waters of the Russian naval forces under Admiral Nebogatoff. Instructions have already been sent to Admiral DeJonqueries, the French naval commander, to see that Rojestvensky fully observes the promise he has given to leave French watrs. Thse orders resulted from the receipt of a detailed dispatch giving an account of Admiral deJonqueries meeting with Rojestvensky. The dispatch says the Russian squadron made a four days' cruise on the high seas outside the 3 mile limit and then returned last Saturday, anchoring at Kong Hai Bay, coast of Ahnam, to take on provisions and fresh water. When Admiral deJonqueries was informed of the Russians' return he proceeded to Kong Hai and requested Admiral Rojestvensky to immediately withdraw outside territorial waters. The Russian admiral gave DeJonqueries his word that he intended to leave his anchorage and take to the open sea. He also informed DeJonqueries that in his communications with the land he had not violated any of the neutrality regulations, and that the stops of the Russian squadron along the Indo China coast were for the purpose of resting the crews. The Russian admiral said he would depart the following day.

The French admiral then retired from Hong Hai to advise the French government of the result of the interview. He returned to Kong Hai yesterday to see whether Rojestvensky's promise to go to sea had been carried out and found the Russian warships still at their anchorage, but preparing to depart. Admiral Rojestvensky assured him that the entire squadron would leave during the night.

Situation at St. Petersburg.

St. Petersburg, May 10.—The Japanese threats against France are not taken very seriously here. The Russian authorities continue to maintain that Admiral Rojestvensky has not oversteped the limits of neutrality. In view of the excited state of the Japanese over the possibility of the fruits of their previous land and sea victories being swept away, Japan's protests are considered quite natural but her minatory attitude toward a chivalrous country like France is regarded as a blunder. While Great Britain is expected to support her ally and secure fair play, should Japan press Franch too far Great Britain, it is said, can be counted upon to use all her influence to calm the statemen at Tokio. The interests of Japan could not be served according to opinion here by an extension of the hostilities unless Admiral Togo is beaten, in which case it is not doubted that Japan will use the pretext of French violation of neutrality to demand the fulfillment of Great Britain's obligations as her ally. The opinion is held in some quarters that it is exactly this contingency which Japan has in view.

Yachts Ready for Big Race.

New York, May 10.—The eleven yachts entered for the kaiser's cup race across the Atlantic from Sandy Hook lightship are making final preparations for the trip. The start will be on May 26, and a day before that time the majority will be at anchor inside Sandy Hook awaiting the official send away. Most of the yachts already have been docked and their auxiliary propellers removed, leaving no means of propulsion except by sail. From now on the crews will be busy taking aboard stores for the long

ROOSEVELT LEAVES DENVER.

President's Special Starts on Its Trip to Chicago.

Denver, Colo., May 10.—The presidential special train, consisting of a baggage car, buffet car, sleeper, private car of the general manager of the road, and the president's private car "Rocket" pulled by one of the new monster engines, left the union depot here over the Union Pacific railroad for Chicago promptly at 7 o'clock this morning. The curtains in the president's private car were closely drawn and all was quiet within. Quite a crowd had assembled at the station to see the president off, but no demonstration was made.

The huge engine was piloted by Engineer Hockenberger, and was in the charge of Conductor Clark. The engine itself was literally smothered in decorations.

Preceding the president's special train by ten minutes went the customary pilot train. Track walkers and inspectors were ordered out at daylight all along this division on the Union Pacific and every precaution was taken to insure the president's safety.

SEVERAL LIVES LOST IN SQUALLS

New York Harbor and Vicinity Are the Scenes of Many Casualties.

New York, May 9.—Several lives were lost and many more endangered in a series of squalls which swept over the sound and rivers about New York, developing the first boating casualties of the season.

There were many accidents on the Bay and on the rivers, but in most cases the amateur sailors were near shore and were rescued without serious injury.

The sloop Robiston was capsized opposite One Hundred and Fifty-second street in the Hudson. She had on board eight expert sailors when struck by the squall. Captain Henry Asblant, the owner of the boat, with his brother, Louis, were in charge, the six men with them being all good swimmers. The squall caught the craft with all sails spread, however, and before any action could be taken the mainsail was slapping the water and seven of the men had been thrown overboard.

NEW ORLEANS APPRAISER DEAD

General Algernon S. Badger Dies at an Advanced Age.

New Orleans, May 10.—General Algernon S. Badger, United States appraiser for New Orleans, is dead, aged 65. He was born in Boston. When the civil war began he enlisted in the Sixth Massachusetts volunteers, then became an officer in the Twenty-sixth regiment and was with the first troops sent to New Orleans after its fal At the close of the war General Badger remained in New Orleans. He was in command of the Metropolitan police in the battle of the 14th of Setember, 1874, when Governor Kellogg was overthrown, and was seriously wounded in the fight. In 1878 he was made postmaster and thereafter was collector of customs and later appraiser.

'Frisco Buys Tennessee Central.

Nashville, May 10—A dispatch to the Banner from Harriman, Tenn., says that it is reported here that the 'Frisco system has in reality taken on the Tennessee Central, and that an extension of the line from Harriman to Tellico Plains, Tenn., will be one of the first moves on the part of the big system. The new system will be known as the Tennessee and Atlantic, and the propose dextension will pass through a section rich in coal, iron and timber. The route will probably lead from Harriman to Kingston, Tenn., and thence to Sweetwater and Madisonville, Tenn., on the Tellico Plains.

England's Treaty with Cuba.

Havana, May 10.—The effort of Great Britain to secure a favored nation treaty with Cuba has ended by Secretary of State O'Farrill and Minister Carden signing a treaty of friendship and commerce from which a favored nation clause offered by Great Britain had been expunged. The treaty had been pending for more than a year.

MANY KILLED BY KANSAS TORNADO

Storm Swooped Upon Town With Terriffic Force.

ACTUAL CASUALTIES NOT KNOWN

Many of the Victims Were Killed as They Lay Asleep—Aid Has Been Asked by Citizens of Marquette, Kans., from Other Towns and Cities.

Marquette, Kan., May 10—Many persons were killed, a score or two others injured and a part of the residence portion of Marquette was demolished by a tornado that struck this place at midnight last night. The number of dead is estimated at 20, but owing to the confusion following the storm, it will be some time before the actual casualties are known.

The Swedish Luthern and Methodist churches and the opera house block were wrecked and dozens of residences razed to the ground. The business portion escaped with slight damage.

Aid was asked of other towns and physicians were sent from Salina and many nearby places.

The otrnado struck the southern end of the town and cut a clean swath one hundred yards in width through its entire length. Coming as it did at midnight, the people were caught without a moment's warning. A heavy rainstorm had preceded the wind, and after the tornado passed, a scene of complete desolation followed.

The tornado struck the southern with great force, wrought its terrible havoc within a few minutes' time and continuing into the rich farming country north of Marquette, caused further damage.

In Marquette many residences were completely demolished, the wreckage being carried away entirely, while others were picked up bodily, moved a short distance away, and dropped to earth.

Many of the victims were killed as they lay asleep; others maimed and bleeding awoke to find themselves buried in the wreckage of their former homes.

Following the storm came a lull. Soon the cries of injured and frightened people could be heard on every hand. Men with lanterns appeared here and there among the wreckage and as quickly as possible the work of rescue was begun.

Progress was slow because of the darkness, and it was sometime before anything like a systematic effort could be made to remove the injured, and before aid was asked of neighboring towns.

Marquette is a town of 1,500 in McPherson county. It is in the exact center of Kansas, and in the richest farming country in the state.

When daylight broke over the town it found the entire population in a state of panic. Business was entirely suspended and every one who escaped injury turned his attention towards aiding the wounded.

The tornado formed 3 miles south of Marquette and did not spend its force until it had passed many miles north of the town. In Marquette the residence portion west of the main street suffered the principal damage. The houses in the course of the tornado were all, with two or three exceptions, completely wrecked.

Early today a representative of the Associated Press made the rounds of the different places. In one room in the Lutheran parsonage he found six injured, and in an adjoining room were five corpses. In half a dozen other houses similar scenes were found. Dr. Lund, the Lutheran pastor, passed about among the suffering, administering to their comfort, while two-score other persons, working under his direction, cared for the injured at other points.

When the missing in Marquette had been pretty thoroughly accounted for the searchers directed their attention to the surrounding country. Soon half a dozen wagon loads of dead and injured had been brought to town from the district adjoining it on the south.

PAT CROWE RETURNS.

Alleged Kidnaper of Cudahy Boy Is Back In Omaha.

Omaha, Neb., May 10.—Pat Crowe, the alleged kidnaper of Edward Cudahy, son of the wealthy packer of Omaha, and for whose arrest rewards aggregating $50,000 have at different times been offered, walked into the office of the World-Herald, accompanied by Thomas O'Brien, proprietor of the Henshaw hotel.

Crowe telephoned to the World-Herald of his presence in the city and said that he would call at the newspaper office. A short time afterward he appeared, in company with O'Brien. Crowe then told of his wanderings since he left Omaha four years ago. He said that he had served in the Boer war, fighting with the Boers. He returned to this country after the war and had lived continually, according to his statement, quietly in a south side flat in Chicago. He said he had been in Chicago nearly three years and that he has visited Omaha on three occasions.

As to the Cudahy kidnaping case he declined to deny or admit his guilt.

TOBACCO KING PASSES AWAY.

Founder of Duke of Durham Tobacco Factory Succumbs to Death.

Durham, N. C., May 10—Washington Duke, the millionaire tobacco manufacturer and founder of what is now the American Tobacco company, died at his residence here after a protracted illness, at the age of 84 years.

Some months ago Mr. Duke fell and broke a limb, and since that time had been confined to his room. His death was hastened by a complication of ailments. With him when he died were his three sons, Brodie L. Duke, of Durham; J. B. Duke, president of the American Tobacco company, and B. N. Duke, also of New York.

The career of Washington Duke is remarkable, in that he and his three sons rose from poverty to the possession of fortunes estimated at several million each, within a period of some forty years.

Will Establish State Line.

Atlanta, May 10—After 18 years there is now a possibility that the disputed boundary line between Georgia and Tennessee across Lookout mountain may be settled. Governor Terrell has received a communication from Governor Cox, of Tennessee, stating that the Tennessee legislature, which has just adjourned, has passed an act providing for the appointment of three commiasioners to meet a like number from Georgia and run the disputed boundary line between Dade county, Georgia, and Hamilton and Marion counties, Tennessee. This disputed boundary line runs right across Lookout mountain.

Lost $8,850 on Way to Bank.

New York, May 10—On discovering she had lost $8,850 on her way to bank, Mrs. Mary Slavin of 57 South Sixth street, Williamsburg, dropped in a faint in front of the cashier's window at the Williamsburg Savings bank, Broadway and Driggs avenue, and is now at the Eastern District hospital, Brooklyn, where the doctors are trying to save her life. Mrs. Slavin passes from one swoon to another. Crowds of men and boys are searching the streets of Williamsburg in the hope of finding the missing money.

Employes Fleeing Isthmus.

Colon, May 10—The steamship Seguranca has sailed from this port for New York with a large number of passengers, over 30 late employes of the canal commission going home in consequence of discontent with conditions on the Isthmus. The rainy season has set in, hindering the work of bush cutters back of the town, which will remain swampy till January unless filled up before that time.

Paper Makers In Session.

Holyoke, Mass., May 10.—The annual convention of the International Brotherhood of Paper Makers opened here today. One of the most important matters to be considered by the convention will be the question of the number of hours which should constitute a day's work.

BREAD FAMINE IS FEARED IN CHICAGO

Teamsters Refuse To Deliver Flour To Bakeries.

ANOTHER BIG STRIKE PENDING

Steam and Gas Fitters of Large Concern Threaten to Quit Work on Account of the Firm Discharging Two Union Drivers.

Chicago, May 10.—Shortage in delivery of flour to groceries and bakeries was threatened by a fresh spread of the drivers' strike today. The latest recruits are the drivers of the Wenig Teaming company, a large concern chiefly engaged in delivering flour for milling companies. All of the men quit work when one of them was discharged for refusing to deliver the boycotted goods of the department stores. The result will be a shortage of 15,000 barrels of flour a week.

"Unless we can get the employers' association to help us out, the strike means an immediate shortage in the flour supply," said Mr. Wenig. "If the strike continues there will be a flour famine. I expect to apply to the association at once."

Another strike of even greater importance impended today.

The Crane company, controlling most of the material in the steam fitting and gas fitting industry, may be involved through the discharge of two drivers who refused to deliver material at the Marshall Field building on Wabash avenue. The Crane company employs a large number of teamsters who promptly sought instructions from the leaders as to whether the strike of the flour teamsters should be imitated. It was said that conferences of the teamsters' union officials and representatives of the Crane company would be held in hope of averting a new strike upheaval.

The Crane company gives employment to 25,000 men, directly or indirectly through its mills, foundries and warehouses.

While the strike was today assuming a more threatening attitude the employers' teaming company is becoming increasingly aggressive. Today 1,300 teams were sent out and the company promised to furnish teamsters to do the work of all drivers who quit. The delivery of retail goods was further extended and the number of deputy sheriffs and special police was increased.

Although surrounded by six guards, a nonunion teamster was knocked off his wagon today and severely injured. The victim was Joseph St. John, who was attacked while driving one of the Peabody Coal company's wagons near Kinzie street bridge. He suddenly found his way blocked by teams manned by union drivers, while rocks were hurled by strike sympathizers in a crowd that had gathered. One of the missiles struck St. John on the head, inflicting a severe wound and toppling him to the pavement.

The executive board of the Chicago Federation of Labor met today to appoint a committee to meet the president's train west of Dixon, Ill., and explain to him the strike situation here before the train reaches Chicago. The union officers received intimation, however, that the president did not wish to be met by any large number of Chicagoans before he arrived in the city. The plan, therefore, was abandoned.

NEWS TERSELY TOLD.

It is believed now that the Hamburg-American freight steamer Castilla is lost. She is 35 days overdue at Vera Cruz.

The twenty-fifth annual convention of the American Water Works association is in session at French Lick Springs, Ind.

Judge Lanning in the United States district court at Trenton, N. J., today granted a writ of habeas corpus in the case of Anna Valentina. This will stay her execution which was to have taken place in Hackensack on May 12.

PROCEEDINGS OF THE LEGISLATURE

Considerable Activity and Few Important Measures Passed.

$1,000 FOR THE SOLDIERS' HOME

Baseball Bill Ordered Engrossed—Sabbath Desecrations Must Stop—Another Bill For Local Option Counties—Sen. McCreary's Printing Bill.

Tallahassee, May 10.—Senate convened at 10 a. m. yesterday.

A joint resolution was introduced by Senator Faulkner, proposing an amendment to the constitution, relating to criminal prosecutions.

The only bill introduced in its regular order was by Senator Canova, providing for the return of the prota tax paid by liquor dealers in counties, which have voted dry during the period for which such licenses were granted.

Senator Canova's baseball bill being in the regular order, there was a lively discussion, and amendments introduced to stop fishing, hunting and carriage riding on Sundays, all of which were lost.

Senator Adams offered an amendment opposing all classes of Sabbath desecration, which was passed 18 to 12, and the bill ordered engrossed. When returned it will be passed to third reading.

Senators Crews' bill relative to carrying firearms was ordered engrossed.

House Bill No. 82, regarding payment to Marion county for rent of armory caused much discussion. After discussion pro and con, Senator Blount moved that further consideration be postponed, and general bill drafted to cover all counties.

Senate Bill No. 33, by Mr. Trammell, was put on its second reading.

The rules were waived and House bill No. 136, to provide for a game and fish warden and to define his duties, was passed.

The amendment of the charter of Pensacola was passed.

On motion of Senator Baskin the bill incorporating the town of Reddick, Marion county, was passed.

By Senator McCreary—To amend act providing for the publication of acts of the Legislature in newspapers in each county. Read third time and passed unanimously.

Senator Humphries introduced a bill to make it a violation of law to attempt to purchase intoxicating liquors in a dry county.

In the House.

Tallahassee, May 10—The House convened at usual hour.

Bills were introduced as follows:

Mr. Rosborough—For the relief of Alachua county.

Mr. Crawford—Designating election of certain county officers.

Mr. Campbell—Joint resolution proposing amendments to the constitution changing the declaration of rights in regard to the trial of felonies.

Mr. Williams—Relating to the larceny of hogs.

Mr. Avery—Regulating appellate proceedings and practices.

Committee appointed to visit Old Soldiers' and Sailors' Home at Jacksonville, reported and recommended appropriation of $1,000.

The bill of Mr. Wall, commonly known as the Regents' bill, came up on a special order. Mr. Buckman introduced a bill as a substitute for both at this juncture providing for the abolishment of the State Normal School at DeFuniak, Florida State College at Tallahassee, University of Florida at Lake City, East Florida Seminary at Gainesville, South Florida Military College at Bartow, and the removal of the Deaf, Dumb and Blind School at St. Augustine, and the establisment of a State University and Female Seminary. On motion of Mr. Wall all three of the bills were ordered recommitted.

Mr. Rosborough's bill to regulate and define the duties, liabilities and rights of master and servant, after a warm debate, was defeated, 38 to 12.

House Bill No. 279, by Mr. Watson of Osceola, relating to qualification of students of State institutions, and Mr. Avery's bill relating to life insurance companies making discriminations in favor of individuals of the same class and expectation of life in the payment of premiums, were advanced to third reading.

Mr. Crawford's bill providing for the settlement of Wails claim, carrying a provision for the issuance by the comptroller of two warrants of $12,800 each, one payable to Colonel S. L. Wails and the other payable to Mrs. L. G. Beard, was read with an amendment making the warrants for $12,500 each.

An amendment was offered by Mr. Jewell of Orange to the effect that if the warrants were not accepted within six months after the passage of this act, the appropriation of $25,000 should revert back to the treasury.

The amendments were adopted, and the bill was ordered engrossed.

House adjourned.

MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

NEW K. OF P. LODGE.

Mount Vernon and Archer Lodges Will Institute Lodge at Williston.

There will soon be another lodge of the Knights of Pythias in this section which will be located at Williston.

Grand Prelate L. C. Lynch, Grand Lodge of Florida, has been commissioned as District Grand Chancellor for this occasion, and with the assistance of members from Mount Vernon Lodge and the Archer Lodge, will institute the new lodge at Williston within the next few days, possibly Tuesday night.

The team from Mount Vernon Lodge enjoys a reputation as being one of the finest and most impressive in the State. The members have the ritual of the order down to a fine point and perform their work in a most impressive manner. The Archer Lodge has also some fine team artists and it is needless to add that the Williston Lodge will be instituted in proper shape.

Growing Aches and Pains.

Mrs. Josie Sumner, Bremond, Tex., writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. It is the best liniment I ever used." 25c, 50c and $1.00. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.

Stale Bread Bag.

A traveler says that a curious weakness of grownup Moors is the love of eating newly baked bread. The caid of Azemmoor, in Morocco, discovered that old bread was thrown away as waste. To waste food is a serious offense in the eyes of a Moslem. The caid of Azemmoor therefore issued a bylaw prohibiting the baking of bread upon one day in each week. The citizens, he declared, must eat up the bread already baked, and he fixed Wednesday as the "bitalah," or holiday.

The Longest Novel.

The "Story of the Eight Dogs" is the longest novel that has ever been published. Fortunately, perhaps, it is written in Japanese, so no one will set himself the task of reading it. It contains 106 volumes, several hundred characters and numerous dogs, all of which are successfully disposed of by the time the last chapter is reached. Just imagine reading through that—one book that would last a lifetime!

True Heroism.

The hero fears not that if he withhold the avowal of a just and brave act it will go unwitnessed and unloved. One knows it—himself—and is pledged by it to sweetness of peace and to nobleness of aim, which will prove in the end a better proclamation of it than the relating of the incident.—Emerson.

ORIENTAL COURTESY.

An Incident In Which Miss Anna Dickinson Figured.

Miss Anna Dickinson traveled everywhere independently and saw human nature in all of its lairs. Writing to a woman friend once, she described a reception given by wealthy Chinamen in a restaurant kept by Chi Lung in San Francisco, and she was the guest of honor. She said that she saw a servant coming toward her with a box divided into many compartments, with different kinds of nuts and candies in the smaller trays. She picked out half a dozen or more and laid them on the arm of the chair, which served as a table. As the attendant passed on to others she saw that each took only one bonbon, and she was much embarrassed.

But when the servant approached the chief Chinaman, the one who had originated the reception, he took a large handful, and those after him did the same, and then Miss Dickinson felt relieved. She wrote:

"After I learned that I must have shocked all of those educated, cultured Chinamen as much as you or I should have been shocked if we had invited a Chinaman whom we respected to dine with us and he had taken a whole fried chicken and torn it limb from limb at our table. In such an event would you or I have had the tact and courtesy to have taken other chickens and thus dismembered them?"

RUSSIAN WOMEN.

The Many Restrictions to Which They Are Now Subjected.

It is difficult for an American to understand that freedom as we know it does not exist in Russia. There the legal position of woman is far from satisfactory. She hardly ever belongs to herself, but is always under the tutelage of some one.

As a daughter the Russian woman is under the entire control of her parents. Her coming of age does not alter her position. She simply changes the authority of her parents for the no less rigid authority of her husband. As the Russian statute puts it, "One person cannot reasonably be expected to fully satisfy two such unlimited powers as that of husband and parent."

The unlimited power of the parent is withdrawn and that of the husband substituted. She cannot leave her lord even to visit a neighboring town without a "pass" from him. He names the time she is permitted to stay, and at the end of that time she is bound to return to get the pass renewed.

A husband may appear in a court of law as a witness against his wife, but a wife is not allowed to appear against her husband. A woman's evidence in Russia is always regarded as of less weight than that of a man.—Harper's Weekly.

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and lagrippe. At drug stores, price 50c and $1.00; guaranteed. Trial bottle free.

Words of Violence.

"Words of violence nearly always begin with 'sp,'" said a poet.

"How do you mean?"

"I mean that words of violence like spank begin with the same two letters, s and p. For example, besides spank, a clear word of violence, we have the sp beginning for such words as spurt, split, spring, splutter, spasm, speed, spill, spin, splinter, spurn, spar, spun, spike, spat, and so on."—Philadelphia Bulletin.

Willie's Anguish.

"Say, ma," asked little Willie after he had been in conjunction with the paternal slipper, "did anybody besides pa ever ask you to be his wife?"

"Oh, yes. I had lots of proposals before your father came along."

"Well, do you think you gained anything by waiting?"

As He Saw It.

Miss Riche—I lost my heart last night, pa. I accepted Mr. Poore. Mr. Riche—H'm! You didn't lose your heart—you must have lost your head!

GOOD BLOOD TELLS ITS OWN STORY

And tells it eloquently in the bright eye, the supple, elastic movement, the smooth, soft skin, glowing with health, a body sound and well, an active brain, good appetite and digestion, refreshing sleep, energy to perform the duties and capacity to enjoy the pleasures of life. The blood is the most vital part of the body; every organ, muscle, tissue, nerve, sinew and bone is dependent on it for nourishment and strength, and as it circulates through the system, pure and strong, it furnishes to these different parts all the healthful qualities nature intended. When, from any cause, the blood becomes impure or diseased, it tells a different story, quite as forceful in its way. Itching, burning skin diseases, muddy, sallow complexions, disfiguring sores, boils, carbuncles, etc., show the presence, in the blood, of some foreign matter or poison. Rheumatism, Catarrh, Contagious Blood Poison and Scrofula, are effects of a deeply poisoned blood circulation. These may either be inherited or acquired, but the seat of trouble is the same—the blood. S. S. S., a purely vegetable blood remedy, cleanses and purifies the circulation and makes it strong and clean. Under its purifying and tonic effects all poisons and impurities are expelled from the blood, the general health is built up, all disfiguring eruptions and blemishes disappear, the skin becomes soft and smooth and robust health blesses life. Rheumatism, Catarrh, Scrofula, Contagious Blood Poison and all diseases of the blood are cured by S. S. S. Book on the blood and any medical advice, free of charge.

THE NEWS FROM MELROSE.

Delightful Picnic at the Pumpkin Patch. Personal Notes.

Melrose, May 10.—At a sub district election for the Clay county part of Melrose, W. E. Baker, J. L. Wall and J. R Thomas were elected trustees.

B. F. Jordan of Gainesville was in town on Wednesday on insurance business.

Miss Lizzie Mizell of Orange Lake is the guest of Mrs. A. A. McRae.

At the regular monthly meeting of the town council only little business was transacted.

The Melrose people are sure to be cool and comfortable during the summer, to judge by the preparations for soft drinks on ice by several of the merchants.

Captain F. Weeks gave one of his pleasant picnics at the Pumpkin Patch on Friday to a number of the young people. Tom Burt, who is now in charge of the place, provided a fine fish fry, which was an unexpected treat. All express themselves as having had a delightful time.

E. Ford and family left Wednesday for Kansas and later on California.

There is now a fine opening in town for a painter and paper-hanger.

The marriage of Guy Alderman and Miss Nellie Price occurred today.

ANNUAL ENCAMPMENT.

South Florida to West Florida and Georgia over the S. A. L.

The annual excusion of the Seaboard Air Line Railway will be given May 18th and 19th. Train No. 34 will leave Tampa May 18th; special from Jacksonville morning of May 19th, and from Gainesville train No. 54 May 19th. The following rates from Gainesville proper, for return tickets: Lake City, $2 50; Live Oak, 2.75; Madison, $3.50; Monticello, $4 00; Tallahassee, $4.50; Quincy, $5.00; River Junction, $5.00; Bainbridge, $5.00.

Tickets will be limited seven days exclusive of date of sale. E. C. Cobb, Agent, Gainesville. dtf.

Telephone Concert.

Through the courtesy of Manager E. Voyle and Operator Earl Kelley of the East Florida Telephone Company, a reporter enjoyed the pleasant privilege Wednesday evening of a concert by George Taylor of Palmer, with an occasional harmonica solo by Gus Morris of Eve. The occasion was a most enjoyable one, both gentlemen being personal friends of the reporter. Mr. Taylor employed a graphophone as a means to dispense his music, and every note was perfectly plain. The system is undoubtedly a fine one, and deserves the support it is receiving at the hands of the people.

A Good Suggestion.

Mr. C. B. Wainwright of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in hot water as hot as can be drank. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by all druggists.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

JUDGE MASON'S COURT.

Solomon Warren Sued Atlantic Coast Line for Possession of Property.

There was an interesting session of the county judge's court Tuesday, Solomon Warren having entered suit against the Atlantic Coast Line Railway Company for the possession of certain property in North Gainesville upon which he claims the defendant encroached.

The case was called in the morning and occupied most of the day. The jury was composed of George W. Hyde, foreman; George S. Merchant, W. W. Avera, E. J. Baird, J. A. Phifer and J. H. Vidal.

After hearing the testimony and argument in the case the jury retired and returned with a verdict for the plaintiff.

Attorney B. A. Thrasher represented the plaintiff, while Carter & Layton appeared in the interest of the railroad. A motion for new trial was made but was denied by the court.

Marriage at Newberry.

Newberry, May 10.—Sunday last two more young people were made happy and joined together "till death doth part" by our honorable judge, E. T. Henderson. The contracting parties were Miss Melissa Nipper, the charming daughter of Mr. and Mrs. S. P. Nipper, and Ed Moore, a prominent young man of this section.

The bride was becomingly attired for the occasion, as was also Miss Rosette Nipper, who acted as bride's maid.

The groom and H. Holt, best man, appeared at their best in the conventional suit of black.

The learned judge performed the happy ceremony in a most appropriate manner, winding up with a speech for the occasion, which was appreciated and felt by all present.

Select refreshments were served by the bride's parents, after which all were profuse in extending hearty congratulations to the happy newly made couple.

We join the throng of well wishers, and "let the good work go on."

Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by all druggists.

AUCKLAND IMPORTS INCREASED.

American Consul Just Returned from that Country.

San Francisco, May 10.—The American consul general at Auckland, N. Z., Frank Dillingham, has arrived here on a vacation trip. He has been the American representative in Auckland for eight years. During that time American imports there have increased in value from $1,000,000 to $8,000,000.

"Just how New Zealand's tariff will affect American imports into that country, I am not prepared to say," remarked Mr. Dillingham. "Under the new tariff England is given a distinct advantage over all other foreign countries. Still New Zealand will have to buy heavily from the United States. All of their agricultural machinery and most of their mining machinery comes from the United States as all of their tobacco and many lines of manufactured goods like boots and shoes."

Had to Ward Off Old Age.

The most successful way of warding off the approach of old age is to maintain a vigorous digestion. This can be done by eating only food suited to your age and occupation, and when any disorder of the stomach appears take a dose of Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach or are troubled with indigestion, you will find these tablets to be just what you need. For sale by all druggists.

Woodmen of the World Convene.

Chattanooga, Tenn., May 10.—The annual convention Sovereign Camp, Woodmen of the World, convened here today. Sessions are being held on Lookout mountain. A brief address of welcome was delivered by Sovelegn Commander J. C. Root, and several committee reports were made at the morning session. The election and installation of officers occur tomorrow. The session will continue installation of officers ocur tomorrow. The session will continue three days.

Through Line to the Gulf.

New York, May 10.—At a special meeting in this city the directors of the Colorado Southern company, have, according to the Herald, adopted radical measures for the carrying out of the program they contemplated in making the Colorado and Southern a through line to the gulf. To this end they decided to incorporate the road in another state, and ask the stockholders to authorize a $100,000,000 bond issue at their meeting in Denver on June 15.

Do Not be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Sold by J. W. McCollum & Co.

Can You Solve It?

Here is a problem that has bothered a good many mathematical heads. Can you solve it?

"In cutting a beam into half inch boards the saw wastes an eighth of an inch cut," said the timber merchant. "If the saw only wasted half as much there would be one more board. How many boards is the beam sawed into?"

Ended the Economy Idea.

He—We must economize. Suppose, darling, that you try your hand at making your own clothes? She—Oh, George, dear, I never could do that. Suppose I begin by trying to make yours?—Philadelphia Inquirer.

For the Sake of Quiet.

"My daughter admired both law and music, so I had her study law."

"What impelled you to that choice?"

"I think practicing law is quieter than practicing piano playing."

Weak Stomach.

A weak stomach is most frequently caused by the overworked and exhausted nervous system.

The power that runs the stomach is the nerve force sent to it from the brain through the nerves. When the nerves are weak or exhausted the supply of energy is insufficient and the action of the stomach is impaired, and results in imperfect digestion—dyspepsia.

Dr. Miles' Restorative Nervine increases nerve force. It strengthens and builds up nerve tissue, gives vigor to the nerves and muscles of the stomach; this produces a healthy activity.

Nervine allays the inflammation, heals the membranes, and makes the stomach strong and healthy. There is nothing that so quickly gives energy to the whole system as Restorative Nervine.

"I can't say enough for Dr. Miles' Nervine. I don't know what it will do for others, but it certainly cured me of stomach trouble, and now I am as well as I ever was. Two physicians failed to relieve me, but in three or four days after taking Nervine I was much relieved. Four bottles made me a sound man, at the cost of $4.00."

JAMES E. HART, Detroit, Mich.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

The Jacksonville Board of Trade favors bonding the city for improvements. Many other cities and counties are doing the same thing, and as a result there is wonderful development all over the State.

Hon. C. M. Brown, who surrendered his seat in the State Senate to Mr. Baskin, has commenced a damage suit against The Metropolis paper at Jacksonville, placing the sum at $25 000, for charging Mr. Brown with receiving free transportation from a railroad company while a State Senator. Mr. Brown claims that according to the action of the Senate committee appointed to investigate the case, he was not a Senator at the time, hence the action.

The South does not need any defense from the rantings of Mr. Hart of Harvard or any other professor who knows nothing of what he is talking. In regard to mortals it will compare with any section, and in honesty in business, friendship toward their neighbor, the people who are able to judge are those who can speak from experience. The people of the South are too busy at present to even stop for a moment to pay attention to the pratings of such insipid ranters at so much per line.

Escambia county is making it exceedingly lurid for the gamblers of Pensacola. The heaviest fine ever imposed for gambling was laid on last Friday at Pensacola when Judge E. D. Beggs of the criminal court sentenced W. F. Kissell of Indianapolis to either pay a fine of $1,000 and costs or serve two years in the county jail. William Nichols, an employe in the gambling house, was also sentenced to pay a fine of $500, while George W. Sims, proprietor of the Hotel Escambia, where the gambling house was run, was fined $500 for renting a room to be used for the purpose of gambling. All of the fines were paid by the parties. In addition, all the gambling appliances, which are estimated as being worth $2,000, were seized by the authorities and promptly destroyed.

SUNDAY BASEBALL.

The Tampa Herald does not see any more sin in playing baseball on Sunday in a small town than a large one. Of course there isn't, but there are more people in a large town who are indifferent to the real sin of it than in a small one. In the cities, where hundreds of men are shut up in factories all the week, and have not the least recreation, they enjoy getting out on Sunday and breathing the free air on a ball field. With a ball game in the afternoon and services in the morning and evening, the religious services would not be disturbed.

In many communities, however, the majority of the people are opposed to Sunday games of any kind, and it is quite certain the baseball players would be willing to have a day of rest. But in the large cities is a host of people seeking for recreation and amusement, and if they can be entertained with baseball, they will patronize the game, if there is one.

The people of this country have been reared to remember the Sabbath day, but with our present mixture of population from nearly every land on the globe, it is a difficult task to have them adopt our ways.

The idea of letting each city regulate its own Sunday amusements is not a bad one by any means, and if they want baseball they can have it. Then if the game becomes too boisterous and a nuisance, it can be dispensed with. Many people who dislike Sunday ball, however, don't mind it so much if the home team wins.

POTATO PRICES.

The editor of The Green Cove Spring says: "We have heard several farmers complaining because potatoes were not bringing price enough to suit them. We predicted last week there would be some fault-finding, and now let us see what they have to complain about: Potatoes are selling in the Northern markets from $4 up; that is, for good No. 1 potatoes. That should leave a profit of from 75 cents up to $1 25 on every barrel over all expenses. Say you make clear of all expenses only $20 an acre, on the potato crop; that is so much clear gain; then you have your land ready fertilized for a crop of corn and hay, or a crop of rice, or sweet potatoes as you may decide to plant, and this second crop will be clear gain or very nearly so, except expense of planting and gathering. And we are unable to see where the Florida farmer has any kick coming. Look at the farmers up in Maine, New York and Michigan—it costs them as much to raise an acre of potatoes as it does the Florida farmer, and what he makes on that field of potatoes is all he gets from that field that year. He cannot follow it up with any other crop, and he is glad to get from 25 to 50 cents per bushel for his potatoes. These Northern farmers all live and get rich, just because they stick to it."

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We offer One Hundred Dollars Reward for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure.

Severe Storm at Cincinnati.

Cincinnati, O., May 10—Reports received today indicate that the damage from the wind and rainstorm which struck this neighborhood late yesterday was more severe than at first indicated. In this city Trinity Methodist church, which was recently repaired and redecorated was unroofed and otherwise damaged. The steeple of the Cumminsville Lutheran church was blown away and a number of residences in various parts of the city was badly damaged, while trees in and near the city were blown down and considerable minor damage was done.

Automobile Destroys Itself.

Portland, Me., May 10.—A large touring automobile just purchased by W. B. Thombs has caused must excitement in the streets here and finally destroyed itself. A few hours after Thombs bought the car it suddenly jumped away from the roadway in front of his home on the eastern boulevard and at noon it whizzed at top speed along the promenade, running over and slightly injuring one man, causing two runaways, scattering people right and left. Finally the machine swerved to the left and out of the street and plunged over a 40-foot embankment to the railway tracks, near which it brought up, a total wreck.

American Stock Growers Meet.

Denver, Col., May 10.—The American Stock Growers' association was organized last January by seceeders from the National Livestock association, began its first annual convention in this city today. Addresses were made by Governor McDonald, Mayor Speer and John W. Springer, former president of the National Livestock association, and a response by W. W Turney, president of the Texas Cattle Raisers' association.

Suspended for Not Towing Sylph.

Boston, Mass., May 10.—The report that Captain W. H. Holville, of the United Fruit company's steamer Oteri, had been suspended for his alleged refusal to take in tow the United States navy yacht Sylph, when he wound the Sylph disabled on passage from Cuba to Baltimore last month, was confirmed today by William Anderson president of the fruit company. Mr Anderson declined to discuss the case beyond confirming the report.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average baldheaded man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, innocculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."

RURAL ROUTE DELIVERY.

S. J. Burnett, Jr., Appointed Carrier Rural Route No. 1.

Samuel J. Burnett, Jr., who with others entered the competitive examination for rural mail delivery carrier a few weeks ago, has received the appointment.

It will be remembered that a special agent of the rural free delivery department of the United States postoffice visited this city about three months ago, and with the assistance of Postmaster Arnow and son, Benj. Arnow, marked out and established several routes, the first of which will be established on the 15th inst. This route will be in charge of Mr. Burnett, and will be designated as "Route No. 1." It will extend from Gainesville to Bennington and Rutledge, accommodating intermediate points, and the service will be performed daily except Sunday, the carrier leaving the Gainesville postoffice at 8 o'clock a. m., returning not later than 4 p. m. The service will prove of great benefit to those residing along the route, as it will afford the advantages of a daily mail.

Other routes will be established from time to time as the proper petition is made and approved.

The Simple Life

Perfect Health is the basis of the Simple Life.

The clear brain, the healthy stomach, the organs exercising in harmony, are the first essentials of a Simple Life.

The Life of Peace and Satisfaction.

No woman can know the pure delight of simple living whose nervous system is kept in a state of tension by Scanty Menses, Leucorrhea and other Female Diseases.

The Simple Way to the Simple Life is to seek the remedy for these conditions.

This remedy has been found in that great product of the laboratory—

G.F.P.

Gerstle's Female Panacea

It has made life and happiness possible when all was dark and distressed. Tried and Tested. Guaranteed and Proven.

Gerstle's Female Panacea has now a place in the hearts of Happy, Healthy Women.

It reaches the centers of life and purifies them. It is the Simple Way to a Simple Life of Health and Happiness.

Master Louis Harrison.

Jacksonville has a new citizen in the person of Master Louis Stanley Harrison, who arrived at the home of his parents last Friday, the 5th inst.

This young man will go through the world under the cognomen of "Monk the Second," his father being more familiarly known as "Monk." At any rate, he has a right decent father and an excellent mother, and there is little doubt but that the youngster will grow up in the midst of prosperous surroundings, as his father is the stock claim agent of the Seaboard Air Line and has many friends throughout the State who are always glad to welcome him. If the lad inherits the cleverness of his father he is destined to prosper anywhere. The Sun extends congratulations.

Herbine

Will overcome indigestion and dyspepsia; regulate the bowels and cure liver and kidney complaints. It is the best blood enricher and invigorator in the world. It is purely vegetable, perfectly harmless, and should you be a sufferer from disease, you will use it if you are wise. R. N. Andrews, editor and manager Cocoa and Rockledge News, Cocoa, Fla., writes: "I have used your Herbine in my family, and find it a most excellent medicine. Its effects upon myself have been a marked benefit. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.

DEXTER WASHINGTON ARRESTED

Taken in Toils of Law Upon an Old Charge of Selling Liquor.

Marshal Pinkoson, acting upon advice from Deputy United States Marshal Bishop of Ocala, Wednesday arrested Dexter Washington, who is now in the county jail.

The charge upon which Washington was arrested is an old one. He is charged wish having sold whiskey without a United States license, and will be arraigned before the United States commissioner at Ocala upon that charge.

Officer Bishop is expected to arrive in the city for his prisoner today, and he will be immediately taken to Ocala.

DEFY HARD LUCK.

A Few Bits of Wholesome Advice For the Pessimists.

Don't talk about your hard luck.

Refuse to recognize it. Refuse to believe in it. Scorn to whine about it.

Get the whine out of your voice, or it will stop the development and growth of your body. It will narrow and shrink your mind. It will drive away your friends. It will make you unpopular. Quit your whining; brace up; go to work; be something; stand for something; fill your place in the universe. Instead of whining around, exciting only pity and contempt, face about and make something of yourself. Reach up to the stature of a strong, ennobling womanhood, to the beauty and strength of a superb womanhood. There is nothing the matter with you. Just quit your whining and go to work.

If you continually talk about your bad luck and moan about your ill fortune, you create for yourself an atmosphere of misfortune which will certainly overwhelm you unless you stop in time.

The man or woman who persistently fears that such and such a thing is not going to turn out well is enlisting powerful forces against success.—Boston Traveler.

English and French Police.

No comparison can fairly be made between the police of London and Paris without due consideration of the fact that the French law admits an interference with the liberty of the subject which would not be tolerated in Great Britain. And it must also be remembered that the existence of octroi duties makes it difficult for a Frenchman to enter or quit Paris without being the subject of closer observation than he would encounter in an English city. —Solicitors' Journal.

Pay as You Go.

To live within one's income is the secret of prosperity. Happiness is the heritage of the one who adheres to this rule, and a contented mind and an ever increasing bank account will belong to the one who buys only what he can pay for.

Very Good.

"Yes, Hunter is really engaged to Miss Roxley."

"So he was telling me. He says she's not very pretty, but she's good."

"Yes, good for a million in her own right."—Philadelphia Press.

Chivalry at a Discount.

He—There was a run on the bank, was there? You were fortunate to get your money out. She—Yes; but I never saw such discourtesy. There wasn't a man offered me his place on the line.—New York Times.

Willing to Exchange.

Aunt Hetty—The doctor's goin' to take your temperature. Uncle Josh—Well, I hope he'll leave me a more healthy one in its place.

"Consider the porous plaster, my son," remarked the philosopher, "and don't get discouraged. Everybody turns his back on it, yet it hangs on and eventually achieves success by close application."

A World Wide Reputation.

White Cross Vermifuge has achieved a world wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion, and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.

Why Suffer From Rheumatism?

Why suffer with rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Baggett of Yum Yum, Tennessee, U. S. A., writes: "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by all druggists.

Trolley Cars in Collision.

New York, May 10.—In a head-on collision two trolley cars on Staten Island 30 persons have been injured. Mrs. Dora Davidson, of New York, probably will die from injuries received. The street cars were well filled with passengers when they came together. The platforms of the cars were battered to splinters and many of the passengers were hurled to the pavement. All were severely cut and bruised except Mrs. Davidson who was hurt internally. Misunderstanding of signals is said to have caused the accident.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at all drug stores.

Small Insect Destroying Cotton.

Huntsville, Ala., May 10.—Farmers in the southwestern part of Madison county complain that a large percentage of their young cotton has been destroyed by a small species of insect bearing some resemblance to the boll weevil. One farmer, Sam Latham, states that 20 acres in his coton field have been completely ruined and others have suffered heavily. A bottle of the insects has been sent to the agricultural department at Washington for classification.

SHOT AND KILLED ON TRAIN.

Tragedy Outgrowth of An Old Feud Between Texans.

Houston, Tex., May 10.—Edward Calhoun was shot and killed on board an incoming San Antonio and Aransas Pass train at Wallis early today by W. T. Eldridge, of San Antonio, Tex., formerly vice president and general manager of the Cane Belt railroad.

Calhoun is a brother-in-law of Captain William Donovant, who was killed by Eldridge about three years ago on a passenger train on the same road. Eldridge was recently acquitted of killing Captain Donovan.

Today's tragedy grew out of the killing of Donovan and subsequent attempts made on the life of Eldridge. Eldridge was shot through the lungs by an unknown party but recovered.

Dissention over the control of the Cane Belt road in which Eldridge and Donovan were jointly interested, resulted in the killing of Donovan, since which time a feud is said to have existed between the relatives of the deceased and Eldridge. All of the parties are prominent

LOCK CANAL WILL SUFFICE.

Declares French Engineer in Regard to Panama Canal.

Paris, May 10—The Academy of Sciences today heard a communication from M. Bunau-Varilla, former Panaman minister to the United States on the solution of the Panama canal problem by the new method of combinig a lock canal for the immediate demands of commerce and a sea level waterway for the ultimate requirements.

The communication says a lock canal will be sufficient to meet present requirements wheras a sea level waterway will be necessary only when the traffic is three times greater than that of Suez, 30 years hence. A lock canal ample to meet all requirements can be built in four years. This would have a summit level of 130 feet and be so constructed as to be readily transferred into a sea level waterway. The transformation would cover seven years additional work without any interruption of traffic for the work of transformation.

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebannon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." Sold by J. W. McCollum & Co.

Runaway Car Kills Man.

Nashville, Tenn., May 10—A heavily loaded gravel car on the street railway here this afternoon became unmanageable and ran away down a steep hill, colliding with several vehicles. John has just adjourned, had passed an vehicles, was instantly killed, and D. H. Campbell, the motorman of the runaway car, was, probably fatally hurt. Bud Morgan, who was in one of the wagons, was badly hurt.

A Positive Necessity.

Having to lay upon my bed for 14 days from a severely bruised leg. I only found relief when I used a bottle of Ballard's Snow Liniment. I can cheerfully recommend it as the best medicine for bruises ever sent to the afflicted. It has now become a positive necessity upon myself—D. R. Byrnes, merchant, Doversville, Texas. 25c, 50c and $1. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.

A STOLEN INVENTION.

How the Designer of the Hansom Cab Lost a Fortune.

Charles Hansom, the famous English architect, was a talented man in many respects other than in the exercise of his profession. He was dining on a certain day with a few friends when one of them taunted him with being unable to invent a vehicle which would supersede the old fashioned hacks and cabs in universal use in London. Mr. Hansom got a sheet of paper, and without any delay he sketched out his idea of a safe and convenient mode of passing through the crowded streets of the great metropolis. His friends watched him while he was at work and unanimously applauded the sketch which he had drawn. They dubbed it by the name of its inventor, and it was then and there called a "Hansom car." One of those present advised him to take out a patent for it, which he said he would do on the morrow. However, there was one dishonest man in the company, by whom he was forestalled, for on reaching his own house that evening and being, like Mr. Hansom, a clever draftsman, as all great architects are, he sketched out a car like the drawing he had seen, and early the following morning he took it to the office and got out a patent for it in his own name, thus robbing the talented inventor of all the remuneration which he deserved to reap from it. It brought an immense but ill gotten fortune to the one who had perpetrated the fraud, whereas Mr. Charles Hansom was never one penny the richer.—Donahoe's.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at all drug stores; price 50c.

Charity of Former Kings.

Henry II. sought peace for his soul after the murder of Becket by feeding and sustaining 10,000 people daily, a proceeding that must have made many a man rejoice in the fall of the "proud prelate." Quaintest of all, though, was the charity of Henry III., who commanded that "in the great hall at Winsore, at a good fire, all the poor and needy children that could be found were to be fed, according to the weight and measure of the king's children," a queer variant of the more modern system of distributing the Maundy money. It is to be feared that nowadays, says the London Chronicle, the amount of food equivalent to "the weight and measure of the king's children" would not go far in relieving "all the poor and needy children that could be found."

Juggling With Dynamite

Is no more dangerous than to neglect kidney disorders. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the worn out tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by J. W. McCollum & Co.

The Verdict.

Records of the ancient city of Gorgeana, founded in 1640, better known at the present time as York Harbor, Me., contain many quaint and unusual stories of the early life of the town.

At the entrance to York harbor a bold promontory known as Stage neck extends some distance into the sea, from which formerly in stormy weather a temporary light in the form of a lantern hoisted upon an upright pole was displayed as a warning to mariners.

One dark winter night a sloop was wrecked on these rocks. A survivor on being questioned about the catastrophe said:

"The vessel struck, turned over on her side, and the skipper and another barrel of whisky rolled overboard."

The local coroner was summoned, and this somewhat startling verdict was returned:

"We find that the deceased fell from the masthead and was killed. He rolled overboard and was drowned. He floated ashore and froze to death, and the rats eat him up alive!"—Harper's Weekly.

Warning.

You cannot have good health unless your kidneys are sound, for the kidneys filter the blood of impurities which otherwise act as irritating poisons and break down the delicate organs of the body and cause serious trouble. If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Sold by J. W. McCollum & Co.

B. R. Benson, foreman of the painting department of Sternberger & Phillips, has returned from a business trip to Tampa and Ocala. Mr. Benson is an artistic workman, and said to be one of the finest scenic artists in the South.

Captain J. N. Strobhar expects to make his departure today for Worthington Springs, where he will recuperate for a few days. Captain Strobhar is a personal friend of the Wells', who own and conduct the hotel at that point, and naturally his visit will prove doubly enjoyable.

Among the prominent visitors to this city are A. G. Stewart and Lucius Harvey, Americus, Ga. These gentlemen are manufacturers of lumber and are prospecting through this section. They are well pleased with Gainesville, which they declare to be one of the prettiest, cleanest little cities they have ever visited.

Tax Collector T. B. Ellis has returned from Cedar Key, where he has been for the past few days on a visit to friends. Mr. Ellis states that Cedar Key has been lively from a commercial standpoint for the past few months, the fish and oyster seasons having been good. He enjoyed himself on excursions to the various resorts about town, and declares he was never more benefited, considering the length of his visit, in his life, having gained several pounds.

PHIFER BROS.,
Phifers' Corner, Gainesville, Fla.

A. H. Emerson, a prominent citizen and planter of Tacoma, was among those who favored the county capital with a visit yesterday.

After having spent a week in this city conducting a mission meeting for the conversion of Protestants to the Catholic faith, Rev. P. J. Bresnahan departed yesterday for his home in St. Augustine, via Jacksonville. The meetings held here at St. Patrick's Catholic Church were well attended, and a great deal of interest was manifested in the same. Father Bresnahan explained the various services and ritual of the Catholic church in such an impressive manner that it was an easy manner of studying, and his efforts were rewarded by the addition of several members to this church. The beautiful mass service was held Sunday morning and thoroughly explained in every point, and those who attended were largely enlightened in this direction.

The "scheme" of registering your name at the store of Sternberger & Phillips, which entitles you with each register to a chance of having your house painted free of charge, has proved quite popular. One hundred and two names were entered upon the register Tuesday, which is the largest day since the system was introduced. There were several days in which a hundred were registered, but the people are now manifesting a stronger interest. Any person is entitled to register once each day during the time the books are open. Monday will be the last day, however, as on Tuesday morning at 10 o'clock the drawing will be held, and the person who occupies the line of the corresponding number drawn will have, absolutely free of charge, their home, or any other house they may designate, painted without cost.

Brown House Zoo.

Manager Joe Ettel of the Brown House continues to manifest interest in his zoological garden. He is always on the lookout for some new attraction and seldom fails to take advantage of an opportunity to install new freaks, etc.

The latest addition to the Brown House zoo are a half dozen qualamandas, a species of wild duck which is very rare in this country. Through the efforts of Mr. Ettel these birds were secured by a hunter in Gulf Hammock, and inasmuch as the species is almost extinct, will prove all the more valuable. They were secured at great expense to the hotel and it is needless to add that they will be appreciated by the hundreds of admirers of the museum and aquarium.

A Great Town.

A gentleman from Pennsylvania, who spent last winter in this city, in writing to his home paper says:

"This is surely a great town—no saloons—have not seen a drunken man since coming here; never hear anyone swear; no disturbance among the colored people; no police. It is quieter every day in the week than our town on Sunday, except in the way of business. Everybody goes to church on Sunday. Fourteen churches in a town of 5,000; pretty good! Finest town I have ever seen in many ways."

There are hundreds of others who have the same to say of Gainesville regarding law and order.
